Action Plan for AY18-19

To increase progress on the office's learning outcomes and program goals, in AY18-19 the Director of Assessment and the University Assessment Council will:

- provide individualized feedback to programs to improve best practices in assessment
- continue to offer professional development opportunities
- provide more detailed information to increase assessment plan completion rates
- collaborate with the Office for Teaching and Learning to offer assessment workshops
- expand strategies to improve data collection for the AY18-19 annual report
