

Degree Works What If

Using this tool, you will be able to see how your courses will fit into a degree plan for majors other than what you are currently declared as. This is greatly beneficial to review before you change your degree or major.

PERFORMING WHAT IF AUDIT:

1. Start by making sure you are on the Worksheets Tab
2. Under the tab you should select 'What If'
3. Choose a Degree, Academic Term *and* select the Major, Minor/Concentration
 - a. Check or uncheck the Include in-progress classes
 - b. Check or uncheck the Include preregistered classes boxes

Format: Student View ▼ Process What-If Save as PDF

Include in-progress classes
 Include preregistered classes

What-If

Degree Bachelor of Science in Business Administration ▼

Academic Term Pick an Academic Term ▼

Choose Your Different Areas of Study

Select an item to add it to your Chosen Area of Study

Major Pick a Major ▼

Minor Pick a Minor ▼

Concentration Pick a Concentration ▼

4. You can also add in courses that you plan to take, or are considering taking to see how they would fulfill the requirements

Choose Your Future Classes

Enter a course and click Add Course

PHY 2170 ▲

Remove Course

5. Choose either the '**Process What-If**' or '**Save as PDF**' button near the top of the page (If you want to save it, you must choose that option first as it will not be available after selecting 'Process What-If')
6. You will then be able to review your progress toward your degree/major of interest
