# General Education Program Assessment Gen Ed Designation: Natural Scientific Inquiry (NSI) Institutional Report <br> Fall 2020-Winter 2021 

## Purpose and Process

To ensure that students are obtaining the intended outcomes of the General Education program, the General Education Oversight Committee (GEOC) has established an assessment plan for the program. Each year, instructors teaching courses in a subset of Gen Ed designations are responsible for choosing at least one assignment from their course, scoring it using the relevant Gen Ed rubric(s) for the course's designation(s), and submitting those scores to the GEOC. The designations scheduled for assessment in 2020-2021 were Civic Literacy (CIV), Natural Scientific Inquiry (NSI), and Wayne Experience (WE). Once scores are submitted, the Office of Institutional Research and Analysis analyzes and disseminates the results according to GEOC guidelines.

Note that accreditation of the university depends in part on our ability to demonstrate student learning for the Gen Ed learning outcomes.

This report presents aggregated data from all Natural Scientific Inquiry (NSI) courses offered from Fall 2020-Winter 2021 in two formats: table and graph.

## How GEOC can use this information

GEOC can use assessment data to understand how well the Gen Ed program is helping students gain the knowledge and skills the program intends to provide. Based on that understanding, GEOC might choose a variety of actions, such as celebrating successes, strategizing ways to better support instructors, improving the program's design, or arguing for resources to enhance the program. Colleges/schools, departments/programs, and instructors are also encouraged to use the assessment results to strengthen the Gen Ed program.

Resources for training and assessment for the Gen Ed program are available on the GEOC website at https://provost.wayne.edu/gen-ed-assessment.

[^0]Table 1 provides a summary of assessment results for each learning outcome by performance level for Fall and Winter combined. The table includes the number of scores $(\mathrm{N})$ submitted, the average score (mean $[\mathrm{Mn}]$ ), standard deviation of scores from the mean (SD) and the percentage of students achieving each performance level for each learning outcome individually and a grand total for all learning outcomes together.

Table 1. Natural Scientific Inquiry Results

| Learning Outcome Area | N |  |  | Percent of Responses by Performance Level |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  |  |  | High <br> (3) | Moderate <br> (2) | Low <br> (1) | No <br> (0) | Not submitted |
|  |  | Mn | SD | \% | \% | \% | \% | \% |
| LO1: Explain natural phenomena using contemporary scientific concepts, theories, and/or principles | 6,934 | 2.0 | 1.2 | 42.4 | 32.6 | 12.8 | 3.7 | 8.6 |
| LO2: Describe the process of scientific inquiry | 6,919 | 2.0 | 1.2 | 45.4 | 30.5 | 12.0 | 3.3 | 8.9 |
| LO3: Analyze historical or contemporary societal subjects using scientific concepts and principles | 6,872 | 1.9 | 1.3 | 42.9 | 30.7 | 12.3 | 4.1 | 9.9 |
| LO4: Apply the scientific method to evaluate data | 5,551 | 2.0 | 1.3 | 50.5 | 27.6 | 8.3 | 2.5 | 11.0 |
| All | 26,276 | 2.0 | 1.2 | 45.0 | 30.5 | 11.5 | 3.4 | 9.5 |

The data in Table 1 are disaggregated and presented below as bar graphs. The first bar for each learning outcome presents Fall data; the second bar presents Winter data.

List of courses included in Fall 2020-Winter 2021 for Natural Scientific Inquiry

| College | Department | Course | Active <br> Section\# | Assesed <br> Enrollment | Assessed <br> Sections\# | Assessed\# | Assessed\% |
| :--- | :--- | :--- | ---: | ---: | ---: | ---: | ---: |
| LS | ANT | ANT2110 | 6 | 210 | 3 | 202 | $96 \%$ |
| LS | BIO | BIO1030 | 4 | 102 | 3 | 59 | $58 \%$ |
| LS | BIO | BIO1050 | 12 | 404 | 6 | 383 | $95 \%$ |
| LS | BIO | BIO1500 | 35 | 607 | 28 | 547 | $90 \%$ |
| LS | BIO | BIO1510 | 62 | 1063 | 46 | 978 | $92 \%$ |
| LS | BIO | BIO2200 | 28 | 22 | 1 | 2 | $9 \%$ |
| LS | CHM | CHM1000 | 12 | 172 | 4 | 167 | $97 \%$ |
| LS | CHM | CHM1020 | 15 | 273 | 2 | 264 | $97 \%$ |
| LS | CHM | CHM1060 | 15 | 128 | 2 | 122 | $95 \%$ |
| LS | CHM | CHM1220 | 42 | 252 | 2 | 241 | $96 \%$ |
| LS | CHM | CHM1225 | 4 | 81 | 1 | 83 | $102 \%$ |
| LS | GEL | GEL1010 | 6 | 224 | 4 | 221 | $99 \%$ |

| LS | PHYS | PHY3100 | 3 | 46 | 2 | 46 | $100 \%$ |
| LS | PSY | PSY1010 | 73 | 1412 | 57 | 1392 | $99 \%$ |
| PSY | PSY1020 | 4 | 384 | 4 | 379 | $99 \%$ |  |

Count of NSI Sections That Submitted Gen Ed Assessment Data in Fall 2020-Winter 2021

\% of Students Assessed in Participating NSI Sections

[^0]:    Please see the appendix for information about participation rates and percent of students assessed by course.
    Please note that the count of participating sections counts some lectures and labs as separately depending on how they are listed in Banner. As such, in some courses with labs the count of non-participating sections may be skewed if only the lecture or the lab (but not both) submitted Gen Ed assessment data.
