Use this form if you have accepted a 2018-19 Federal Direct Loan for the fall-winter semesters, but are not yet registered for the winter semester.

We cannot process a federal student loan after the semester has ended. This includes Federal Direct Subsidized/Unsubsidized loans, Federal Parent PLUS loans and Federal Grad PLUS loans.

If you intend to register for the winter semester we will process your loan on the condition that you enroll at least half-time (6 credits undergrad, 4 credits grad, 5 credits JD) for the winter semester.

If you do not enroll as indicated, your fall and winter loans will be removed from your account and cancelled. You will owe the remaining balance to the university.

Notice: All financial aid requirements must be met in order for aid to be applied to your account.

Notice: Your outstanding balance must be within $1500 in order for a registration hold to be lifted.

I intend to register for the winter semester. I understand that my fall and winter loan(s) will be cancelled if I do not register at least half-time (6 credits undergrad, 4 credits grad, 5 credits JD) for the winter semester.
