### Housing Status

My housing plans for the 2022-23 academic year have changed from what I originally indicated when I completed the FAFSA.

- I will live at home with my parents/relatives. I understand this may reduce my awards.
- I will live off campus. If you will be changing from living with your parents/relatives to living off campus on your own, **ATTACH a copy of a rental or lease agreement.**
- I will live in on-campus housing. **I have submitted my application to Housing and have made my deposit.**

My address during the school year is:

Address

City

State

ZIP Code

This change may result in an adjustment to your financial aid awards. If your awards are adjusted, our office will notify you via WSU email. You may view your awards at any time in the [Financial Aid Portal](#) in Academica.
