Satisfactory Academic Progress Standards

The Satisfactory Academic Progress Policy is available on the financial aid website: wayne.edu/financial-aid.

Student academic progress is reviewed at the end of each semester. SAP review components are (1) cumulative grade point average (GPA), (2) course completion percent (pace), and maximum time frame. Pace and the maximum time frame are measured in credit hours only whether enrollment is full- or part-time.

Cumulative Grade Point Average (GPA): 2.0 for undergraduate and PharmD programs;
3.0 for most graduate programs

Pace of Progression (completion percentage): At least 67% of all credit hours attempted must have successfully passing grades. The pace of progress is calculated by dividing cumulative hours that you successfully complete by the cumulative hours you have attempted.

Maximum Time Frame: Undergraduate and graduate students must complete a degree or certificate program within 150% of the average published program length measured in credit hours. Example:
If completing the degree requires 120 credit hours, the attempted credit hours must be 180 or less
(120 credits x 150% = 180 credits)

In reviewing SAP appeals OSFA will consider the program time limitations as published in the [bulletin](#). Appeals will not be considered beyond these limitations without documentation of an approved extension.

We will review your entire academic history and federal loan debt. Earning multiple degrees and/or having high federal student loan debt may result in a denial of an appeal.

Appeal Decision Notification

The decision concerning your appeal will be sent to your WSU email address and posted in the [Financial Aid Portal](#) in Academica.
