WHAT IS AN ACCOMMODATION?

The term "accommodation" describes an alteration of environment, curriculum format, or equipment that allows an individual with a disability to gain access to content and/or complete assigned tasks. They allow students with disabilities to pursue a regular course of study.

Examples of accommodations include:

- computer text-to-speech computer-based systems for students with visual impairments or Dyslexia;
- extended time for students with fine motor limitations, visual impairments, or learning disabilities; and
- large-print books and worksheets for students with visual impairments

SDS will not issue accommodations that alter the essential requirements of a course or program

Students with disabilities admitted to the university have met the same standards for admission as all other students.

HOW TO REGISTER

https://wayne-accommodate.symplicity.com/public_accommodation/

After completing the online registration form, you will receive a phone call to schedule an intake appointment.

Students must provide documentation of their disability, which can be uploaded to our online system or emailed to us at studentdisability@wayne.edu

You will be assigned to a Disability Specialist for services and support.
