

One of the main areas of focus for transfer students is the **WSU General Education Requirements**, which are classes in addition to courses within your major that are required to ensure fundamental skills and a well-rounded education. We strongly recommend that all transfer students **fulfill their general education requirements through the [Michigan Transfer Agreement \(MTA\)](#) before transferring to WSU.**

**Transfer Timeline:**

- **Before transferring to WSU:** Complete up to 64 credits of course work at Macomb (see the table under “WSU’s General Education + B.S.W Pre-Professional Requirements”)
- **After transferring to WSU:** Complete 51 credits of B.S.W. professional coursework of which 12 credits will be in fieldwork and field-related courses.
- Electives are available to complete the required **minimum of 120 credits** for graduating with a Bachelor’s of Social Work (B.S.W) degree.

**WSU’s General Education + B.S.W Pre-Professional Requirements:**

Students interested in pursuing a B.S.W at WSU may take **one course from each category below** at your community college before transferring to WSU. By doing so, they will be able to fulfill the MTA requirement, which fulfills WSU’s General Education Requirements AND the Pre-professional requirements for the Bachelor’s of Social Work (B.S.W) degree.

\*If students are under 64 transferable credits after completing the table above, then they may take additional elective courses at their community college before transferring to WSU. Please see <https://wayne.edu/transfercrredit/equivalency/> to see what other courses may transfer before taking elective courses.

\*\*64-credit rule exception: If interested in transferring in more than 64 credits from Macomb, WSU has an [articulation agreement](#) with Macomb for the B.S.W program. Please ask your advisor on how to participate under this agreement.
